About Me

I'm a passionate Frontend Developer with over 1 year of experience building responsive and user-friendly web applications. I enjoy turning ideas into clean, working websites using tools like React.js, HTML, CSS, and JavaScript. I love solving problems and making designs come to life in a simple and beautiful way. I'm always eager to learn new things and grow as a developer..

Skills

- HTML
- CSS
- JavaScript
- React.js
- Redux toolkit
- Tailwind CSS
- Bootstrap
- Node.js
- Express

Education

Diploama in Full Stack Web Developer

2024 - 2025

I create beautiful, functional, and user-friendly web experiences using modern technologies. Passionate about turning ideas into reality through clean code and stunning designs.

inter

Board of Intermediate Education

Completed intermediate education from a recognized board.

Matric

Govt Girls High School.

Experience

Independent Project

Built a portfolio website to demonstrate web development skills. Implemented key frontend technologies and practiced real-world project structure and design principles.

PNY Trainings

Worked on multiple hands-on projects during a 1-year Full Stack Web Development Diploma. Built CRUD applications using MERN stack and learned practical implementation of authentication, routing, and state management.

Personal Projects

Used Git & GitHub for code versioning and collaboration. Deployed projects on Vercel and Netlify, managing domains, hosting, and build optimization.

Hobby

Cooking
Travelling
